

AbilityOne Program Fact Sheet

AbilityOne Overview

The AbilityOne® Program is among the largest sources of employment in the United States for individuals who are blind or have significant disabilities. Established in 1938, the program is administered by the U.S. AbilityOne Commission®, an independent Federal agency (whose statutory name is the Committee for Purchase From People Who Are Blind or Severely Disabled). The Commission has designated National Industries for the Blind and SourceAmerica® as the central nonprofit agencies facilitating the program.

The Commission consists of 15 Presidential appointees: 11 represent Federal agencies and four are private citizens knowledgeable about employment challenges faced by people who are blind or have significant disabilities. The Commission is supported by a full-time staff, led by a career member of the Senior Executive Service.

Mission: Provide employment opportunities for people who are blind or have significant disabilities in the manufacture and delivery of products and services to the Federal Government.

Vision: Enable all people who are blind or have other significant disabilities to achieve their maximum employment potential.

AbilityOne Facts

- Employs more than 42,000 people who are blind or have significant disabilities, including approximately 3,200 veterans. An estimated 35,000 AbilityOne employees work on Department of Defense (DoD) contracts.
